## Summary

Passionate Full Stack Developer with a strong frontend focus and expertise in building innovative health applications. Proven ability to create engaging user experiences with React Native, focusing on accessibility and functionality for individuals with speech impairments. Eager to contribute to meaningful work that improves communication for users with speech challenges.

## Technical Skills

**Frameworks** - React Native, React, Node.js, Figma, Sketch.

**Languages** - JavaScript (ES6+), TypeScript, HTML5, CSS3.

**Tools** - Git, Postman, Swagger, RESTful APIs.

**Deployment** - AWS, Azure, Docker.

## Experience

### Circleup AG

December 2023 – July 2024

Lead Full Stack Engineer (Frontend Focus)

Zurich, Switzerland

#### Responsibilities:

- Designed and implemented responsive web applications using React Native, ensuring optimal user experience for individuals with speech challenges. Collaborated with a multidisciplinary team to integrate innovative features aligned with healthcare regulations.
- Conducted thorough testing and debugging to maintain high-quality standards and collaborated in Agile processes for continuous improvement.

**Environment:** React Native, Node.js, JavaScript, Agile methodologies.

### Cedzlabs

March 2023 – July 2024

Full Stack Developer (Frontend Focus)

India.

#### Responsibilities:

- Developed user-friendly interfaces for health applications, ensuring compliance with accessibility standards and enhancing user engagement. Collaborated with backend teams to create robust APIs and implemented responsive designs.

**Environment:** React, Node.js, CSS3, HTML5, Git.

## Projects

### Speech Therapy Companion | React Native, Node.js

August 2024

#### Description:

- Developed a mobile application aimed at supporting users with speech impairments through interactive exercises and progress tracking. Leveraged React Native for cross-platform compatibility and integrated backend services for real-time data management.

**Tools:** React Native, Node.js, Git, Figma.

### Portfolio Website | NextJS, AWS

January 2023

#### Description:

- Designed and implemented a secure file encryption/decryption system on AWS, built and deployed a scalable website using NextJS, and created a user-friendly UI/UX for my portfolio using Figma and React.

**Tools:** NextJS, AWS, Figma, React.

## Achievements / Extracurricular / Contributions

- Actively contributed to developing health-focused applications that enhance user communication and engagement.
- Participated in workshops on accessibility and UX best practices in healthcare technology.
- Engaged in community events to raise awareness about speech therapy solutions and their digital transformations.

**Strengths :** Leadership, self-motivation, attention to detail, and adaptability.
