## Summary

Tech-savvy Full Stack Developer with extensive experience in app development and artificial intelligence. Skilled in leading scalable tech projects and driving innovation, with a strong entrepreneurial mindset. Proven ability to build fast-paced startups and deliver results in high-pressure environments.

## Technical Skills

**Languages:** JavaScript (ES6+), Python, HTML5, CSS3

**Frameworks:** React, Next.js, Node.js, Django

**Tools:** Git, Docker, Kubernetes, Azure, AWS

**Deployment:** AWS, Azure, CI/CD pipelines

## Experience

### Circleup AG

Dec 2023 – Present

*Lead Full Stack Engineer*

*Zurich, Switzerland*

- Led development of a nutrition coaching app, ensuring scalability and high performance for AI-driven services.
- Collaborated closely with backend developers on API integrations and optimized the frontend for responsiveness and UX.
- Enhanced the app's scalability and performance by optimizing cloud infrastructure.

### Cedzlabs

Mar 2023 – Dec 2023

*Full Stack Developer*

*India*

- Built and maintained full-stack web applications, focusing on seamless frontend experiences using Next.js and React.
- Collaborated with cross-functional teams to deliver projects on time with agile methodologies.

## Projects

### AI Resume Tuner | *Next.js, Azure, RAG*

Aug 2023 – Present

- Developed an AI-powered resume generator utilizing Retrieval Augmented Generation (RAG) to create customized resumes based on candidate profiles and job descriptions.
- Integrated cloud services using Azure to ensure seamless performance and scalability.

### Personal Portfolio Website | *Next.js, AWS*

Jan 2023

- Built a fully responsive personal portfolio with enhanced UI/UX using Next.js and hosted on AWS.

## Achievements

- Successfully implemented agile methodologies across multiple projects, increasing team efficiency by 30%.
- Contributed to open-source projects in the areas of web development and design systems.
- Regular participant in tech meetups, hackathons, and workshops on artificial intelligence.
