Summary 🔗

Innovative and results-driven Frontend Developer and UI/UX Designer with extensive experience in developing responsive applications using React and generative AI. Proven track record of creating inclusive digital experiences, particularly in children's literature. Passionate about leveraging technology to foster diversity, empathy, and social impact.

Technical Skills 🔗

Frameworks - Flutter, React, Figma, Sketch.
Languages - JavaScript (ES6+), HTML5, CSS3, Python.
Deployment - Firebase, AWS, Docker, Kubernetes.

Experience 🔗

Circleup AG 🏢   December 2023 – July 2024

Lead Full Stack Engineer(Frontend Focus)   📍 *Zurich, Switzerland*

Responsibilities:
- Developed scalable server-side applications using Django, React, and Flutter. Designed APIs, integrated third-party services, optimized backend performance, and ensured application security within Agile methodologies.

Environment:*Flutter, Firebase, React, Figma, JavaScript, RESTful APIs, Agile methodologies.*

Spoki 🏢   March 2023 – July 2024

Full Stack   📍 *Remote, Italy.*

Responsibilities:
- I worked as a consultant to develop a software integration between Spoki and Magento. He demonstrated exceptional technical skills, professionalism, and a strong work ethic, ensuring the project was completed on time with high quality. I have effectively communicated and collaborated with our team, making a valuable asset to the project's success.

Environment:*magento, restapi, php, Git.*

Projects ⬛

AI Resume | *Nextjs*   August 2024

Description:
* Developed an AI-powered resume generator that allows users to input personalized information such as skills, experience, projects, and achievements, and generate a PDF-ready resume with customizable themes. Integrated advanced features like light/dark theme toggles, section search functionality, and PDF download. Optimized the user interface with TailwindCSS and Framer Motion for seamless interactions. Incorporated functionalities for uploading resumes to LinkedIn and GitHub, improving the user experience with interactive design elements. Implemented theme combinations such as 'default,' 'google,' and 'netflix' to offer unique styles.

Tools:*Nextjs, React, SQL.*

Portfolio Website | *NextJS, AWS*   January 2023

Description:
* Designed and implemented a secure file encryption/decryption system on AWS, built and deployed a scalable website using NextJS, and created a user-friendly UI/UX for my portfolio using Figma and React.

Tools:*NextJS, AWS, Figma, React.*

Languages

* Telugu - Native | English - Fluent | Hindi - Fluent | German - Elementary | Swedish - Elementary.

Achievements / Extracurricular / Contributions

- Experience implementing Agile methodologies, including Scrum and Kanban.
- Contributed to various open-source projects related to web development and design systems.
- Active participant in tech meetups and workshops, focusing on UI/UX best practices and diversity in tech.

Strengths : *Leadership, self-motivation, attention to detail, and adaptability.*
