Summary 🔗

Creative and versatile Full Stack Developer with a strong focus on mobile development using Flutter and React Native. Experienced in creating cross-platform applications with engaging UI/UX designs. Passionate about bridging technology and art through innovative solutions. Proven track record in leading development teams and mentoring junior developers. Currently pursuing opportunities to contribute to the emerging art-tech sector.

Technical Skills 🔗

Mobile Development - Flutter, React Native, iOS Development
Frontend - React, TypeScript, WordPress, PHP
Backend - Node.js, Firebase, Web3, Solidity
UI/UX - Figma, Adobe XD, Material Design
Tools - Git, Firebase, Google Cloud Platform

Experience in

Circleup AG 🏢   December 2023 – July 2024

Lead Mobile Developer   📍 *Zurich, Switzerland*

Responsibilities:
- Led the development of cross-platform mobile applications using Flutter and React Native, achieving a 4.8-star rating on app stores.
- Mentored junior developers and implemented best practices for mobile development workflow.
- Integrated Web3 functionality and smart contracts using Solidity for digital asset management.

Environment: *Flutter, React Native, TypeScript, Node.js, Firebase, Solidity*

Cedzlabs 🏢   March 2023 – July 2024

Full Stack Developer   📍 *Berlin, Germany*

Responsibilities:
- Developed and maintained WordPress-based platforms with custom PHP plugins and themes.
- Created responsive UI components using React and implemented modern design principles.

Environment: *React, WordPress, PHP, Node.js, Flutter*

Projects ○

Digital Art Marketplace | *Flutter, Firebase, Web3*   **2023**
Description:
* Designed and developed a cross-platform marketplace for digital art using Flutter and Firebase. Implemented Web3 integration for NFT trading and authentication. Created an intuitive UI/UX that received positive feedback from both artists and collectors. Achieved 50% increase in user engagement through optimized performance and user experience.

Tools: *Flutter, Firebase, Web3, Solidity, Node.js*

Creative Portfolio Platform | *React Native, WordPress*   **2023**
Description:
* Built a mobile-first portfolio platform for artists using React Native and WordPress backend. Implemented custom PHP plugins for advanced gallery features and social integration. Achieved seamless cross-platform performance and responsive design across all devices.

Tools: *React Native, WordPress, PHP, Node.js*

Achievements / Creative Projects

- Developed an award-winning mobile app for a local art gallery, increasing visitor engagement by 75%.
- Created and maintained open-source Flutter widgets specifically designed for art showcase applications.
- Led workshops on mobile development and UI/UX design for creative applications.

Strengths: *UI/UX design, mobile development, team leadership, creative problem-solving*

Languages: *Telugu - Native | English - Fluent | Hindi - Fluent | German - Elementary | Swedish - Elementary*
